

Soil Sampling Kits

AMS Basic Soil Sampling Kit

The Basic Soil Sampling Kit is designed to provide all the items needed for sampling in a convenient carrying case. Used worldwide by soil scientists, agronomists, and construction companies for site investigations. Kits are available in the most popular AMS Auger sizes.

FEATURES

- Can access the sampling point at depths of 12 ft with the supplied extensions
- The sample may be collected within a removable retaining cylinder
- Manufactured from all USA made materials
- Two sizes and types of kits are available: Either 3 1/4 inch augers with 2 inch split core sampler or 2 1/4 inch augers with 1 1/2 inch core sampler
- Patent Pending USA and foreign
