

# Portable Reel Systems

## Portable Geo Reels and Hand Reels

The Geotech Hand Reel and Geo Reel systems allow you to easily transport your water sampling systems in the field. The Hand Reel system is designed for pump and motor lead only as well as shallow bladder pump systems. The large and small Geo Reel systems allow for pump, motor lead, tubing, and safety cable for the Grundfos Redi-Flo2®, Redi-Flo4™ or bladder pump systems. Choose from a variety of reel options for your convenience.

### FEATURES

**All Geo Reels include:**

- Caddy for pump when not in use
- Panel mount Harting connector for RF2 reels

**All Hand Reels include:**

- Caddy for pump when not in use
- Panel mount Harting connector for RF2 reels
- Size ranges up to 300' (91m)
