The Oakton pH pocket testers stand up to everyday use, harsh environments, and the test of time. The testers can even stand upright when the cap is used as the stabilizing base.

**FEATURES**

- Long lasting double-junction pH electrode sensor.
- Easy-to-replace sensor module lets you reuse the tester body.
- Intuitive interface has self-diagnostic error messages.
- Simple operation at your fingertips with MENU button, 1-button calibration, and HOLD button to freeze readings for recording.
- Valox® body resists most chemicals and is rugged, dustproof, waterproof, and IP67 rated.
- Leakproof cap functions as a sample cup.
- Uses common AAA batteries, and auto shutoff extends battery life.

**APPLICATIONS**

- Agriculture
- Aquaculture & Aquariums
- Cooling Towers
- Education
- Electroplating
- Environmental Monitoring
- Food & Beverage
- Hydroponics
- Laboratories
- Manufacturing
- Photo Development
- Pools & Spas
- Printing
- Water & Wastewater Treatment
- Agriculture
- Aquaculture & Aquariums
- Cooling Towers
- Education
- Electroplating
- Environmental Monitoring
- Food & Beverage
- Hydroponics
- Laboratories
- Manufacturing
- Photo Development
- Pools & Spas
- Printing
- Water & Wastewater Treatment

**pHTestr® 50 Pocket Tester**

- Automatic temperature compensation ensures accurate reading in varying environments
- Up to 3-point pH calibration with NIST or USA autobuffer recognition
- EPA compliant

**ORPTestr® 50 Pocket Tester**

- Double-junction platinum electrode ideal for checking dirty water, heavy metals, sulfides, and organics
- Wide mV range for variety of common applications including industrial waste treatment, oxidation of cyanide, pulp bleaching, bleach manufacturing, and water sanitation

**CTSTestr™ 50C Pocket Tester**

- 3-in-1 testers measure conductivity, TDS, and salinity
- Up to 3-point conductivity calibration with automatic standard recognition
- Selectable TDS factor adds versatility
- Factory calibrated against NaCl standards — ideal for testing salinity in pools

**PCTSTestr™ 50 Multiparameter Pocket Tester**

- Versatile — measures pH, conductivity, TDS, and salinity
- Compatible with a wide range of samples with long-life pH electrode and stainless steel pin-style conductivity sensor
- Up to 3-point pH calibration with NIST or USA autobuffer recognition, user-adjustable temperature coefficient, and self-adjusting TDS and salinity factors
